Hello Aprajita Srivastava,

Hope you are Doing Well!!

It is with great pleasure and honor that we welcome you to our “**15th International Conference on Crop Science and Agriculture**”, scheduled for November 18-19, 2019 at Bali, Indonesia with the theme “**Emerging New Trends in Sustainable Agricultural Practices and Crop Science.**”.

With a long tradition in welcoming people from all over the world, “Bali ”, the host city, is among the most coveted tourist destination, and hence the perfect place to hold such an event. The conference will be the best platform for the Crop Researchers forum to share and exchange your ideas and explore your research. In this regard, it will provide a key networking and an educational interface for academic colleagues, industries and independent research organizations around the world.

Emerging New Trends in Sustainable Agricultural Practices and Crop Science.

For More details, please Visit: <https://crops-agri.foodtechconferences.com/>

The scientific events planned by the organizing committee will make this conference a memorable an international event that will undoubtedly thrill you and satisfy your curiosity.

We are waiting for your positive response

Best Regards
Kathleen Clarke
Program Manager
